Linux Standard Web Hosting

[download pdf](#)

The standard package is recommended for small businesses and home enthusiasts who want a hosting package that allows for site expansion, but do not want to commit to an expensive solution.

Server and Data Centre

Visual Hosting employs **Redhat Linux** as its server operating system.

Linux is highly acclaimed, competent, reliable and significantly less exposed to security vulnerabilities than other, proprietary software. Its source code is available, allowing for efficient administration. The Linux box runs on a Pentium4 3.2Ghz (or equivalent), 1GB IDE RAM, 80GB IDE.

We offer 99.9% network uptime and Uninterruptible Power Supply, daily back-ups of your website, 24/7 Network Monitoring, 24/7 Security Surveillance and Biometric access.

Server Software

- KonsoleH
- Full FTP Access
- Redhat Linux Operating System
- Apache 1.3.26
- Perl 4 and 5.6.0
- PHP 4 and 5
- MySQL
- PostgreSQL
- FrontPage 2002 Extensions
- Tomcat 4.04

Features

The standard package comes with:

E-MAIL VIRUS SCANNING and ANTI-SPAM FILTERS

The package comes with email virus scanning and anti-spam filters installed, limiting your risks and junk mail on the internet.

FREE WEBMAIL ACCESS

All our web hosting accounts come with web-mail access. This means you can retrieve your email by simply going to the following URL and logging in:

http://webmail.visualhosting.co.za, typing in your username and password provided.

YOU WILL HAVE CONTROL OVER YOUR WEBSITE AND E-MAIL

If you want control over your web hosting, your web hosting package can include a fully-featured web-based control panel that allows you to manage your domain through any browser. This means you can add and remove email addresses, check your stats and get traffic reports on your domain.

YOUR WEB HOSTING WILL BE LIGHTNING QUICK, STABLE AND SECURE

Our servers are located in the UUNET infrastructure, ensuring that your site is as fast as possible. Our service has an uptime of 99.9%.

YOU ARE GUARANTEED PERSONAL, FRIENDLY SERVICE

Over the years we have always strived to provide swift and friendly service to our clients. Phone us and speak to one of our consultants - we are eager to assist.
